Re: Submission of NESHAPS 1993 Air Emissions Reports to EPA
Region II.

Dear Mr. Seay:

The purpose of this letter is to respond to your letter to me of June 25, 1993. In that correspondence you requested a "waiver" from the reporting and modeling requirements of Subpart H, Sections 61.93(a) and 61.94 for the following six sites under the jurisdiction of the United States Environmental Protection Agency (EPA), Region II: Colonie Interim Storage Site, Maywood Interim Storage Site, Middlesex Sampling Plant, New Brunswick Site, Niagara Falls Storage Site and the Wayne Interim Storage Site.

A review of 40 CFR Part 61 by my staff has failed to locate any provisions for a waiver under the circumstances presented in your letter. The issue of this waiver is one of national significance and requires consistent application by the EPA. As such, it would be appropriate for you to submit a request for an interpretation of the regulations regarding a waiver to EPA Headquarter's Office of Radiation and Indoor Air.

If you have any questions please contact Jennifer Magruder of my staff at (212) 264-4536.

Sincerely,

Paul A. Giardina, Chief
Radiation Branch
