Mr. Jonathan Gell
State of New Jersey
Department of Environmental Protection
Division of Parks and Forestry
CN 404
Trenton, New Jersey 08625

Dear Mr Gell:

**MAYWOOD AND WAYNE SITES - STAGE IA ARCHEOLOGICAL AND HISTORICAL STUDIES
APPROVAL**

The purpose of this letter is to request approval of the subject documents. Copies of these documents were submitted to your office for review and comment or approval on March 25, 1994 (Wayne) and April 21, 1994 (Maywood). In addition, comments received from EPA about the Maywood document were forwarded to your office along with a request for communication of your concerns so that outstanding issues could be resolved. No response has been received from your office as of this date.

The Phase IA studies are in draft form as Appendices to the Maywood and Wayne Feasibility Studies. These documents are currently being finalized for release to the public. Therefore, in order to finalize the Feasibility Studies for the Maywood and Wayne Sites, I am requesting approval of both the Maywood and Wayne Stage IA Archaeological and Historical Studies. Approval from your office will be assumed if I do not hear from you by March 3, 1995. Please feel free to call me if you wish to discuss this matter. My telephone number is (615) 576-5724. I look forward to hearing from you.

Sincerely,

A handwritten signature in cursive script, appearing to read "David G. Adler".

David G. Adler, Site Manager
Former Sites Restoration Division
