Dear Mr. Venner:

**MAYWOOD AND WAYNE SITES -- REQUEST FOR INFORMATION REGARDING ENTERING INTO THE FEDERAL FACILITY AGREEMENTS**

As stated in your letter of November 7, 1994 to Mr. Les Price (DOE), and in subsequent phone conversations, you have indicated that NJDEP is interested in exploring it's options for entering into the Federal Facility Agreements (FFA) for the Maywood and Wayne sites. As I understand it, one of the primary reasons for exploring this option is to secure funding for oversight activities conducted by NJDEP for these sites.

I am enclosing a copy of the Wayne site FFA for your information. This is the enforceable document signed by DOE and EPA Region II governing work at the Wayne site; the FFA for the Maywood site is very similar to this document. I have asked DOE Headquarters for guidance on your letter; by copy of this letter I will also solicit input from EPA Region II on this matter.

I hope this information is useful, and hope to have guidance from DOE Headquarters in the near future. In the meantime, if you have any questions please call me at (615)576-5724.

Sincerely,

A handwritten signature in cursive script that reads "Susan M. Cange".
