Re: Maywood/Sears Site
Maywood, N.J.

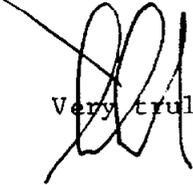

Dear Mr. Price:

I spoke with you several weeks ago regarding the above-captioned site and Susan M. Cange's letter of December 21, 1994 regarding it.

You suggested that you might check the data on this project and get back to me with any information that might shed some light on time frame, etc.

This letter is in the way of an assurance to you that I am still interested in receiving any information you might be in a position to forward to me.

Thank you.

Very truly yours,

ATL:ls
