**Re: Borough of Lodi - JFK Park Improvements**

Dear John:

As per our telephone conversation of this morning, we are requesting a technician at the JFK Park Lodi Site to monitor operations regarding the designated areas which incurs stripping, grading and replacement of soils. We would like to begin on July 5th, 1995 and would expect completion by the 15th of July regarding this operation.

Please notify me if this is suitable for you. We appreciate your co-operation and assistance with this project.

Sincerely yours,

**S-CAPE LANDSCAPE CONTRACTING, INC.**

Barry D. Smith
