Dear Ms. Carpenter:

MAYWOOD SITE - COMPLETION OF PILE REMOVAL

It is my pleasure to convey to you formally that the Department of Energy's (DOE) work to remove the soil storage pile from the Maywood Interim Storage Site is complete. As you know, DOE had committed to the community that the pile would be completely shipped off-site for out-of-state disposal by the end of calendar year 1996. The work was actually complete as of December 18, 1996.

As you know, completion of this work is an important step in addressing the Maywood site. I appreciate your input and guidance throughout our efforts and look forward to your continued involvement as we progress through our Phase I work and head toward a transition into Phase II.

If you have any questions please call me at (423) 576-5724.

Sincerely,

A handwritten signature in black ink that reads "Susan M. Cange".

Susan M. Cange, Site Manager
Former Sites Restoration Division
